TERMS AND CONDITIONS OF HIRE

It is the sole responsibility of the hirer to ensure that all possible steps are taken to avoid injury to participants or damage to the inflatable slide. Please ensure that the following safety instructions are strictly followed at all times:

1. Slide Supervision & Safe Sliding Positions

- **Constant Supervision:** A designated, competent adult over the age of 18 must supervise the slide unit at all times. Never leave it unattended.
- **Strict Sliding Position:** Participants must slide **strictly feet-first, on their back or bottom**. Head-first sliding, diving, tumbling, flipping, or jumping from the top platform is strictly prohibited to prevent friction burns and severe neck injuries.
- **Lane & Landing Discipline:** Only two persons per sliding is allowed at a time. The supervisor must ensure the bottom landing zone/run-out is completely clear before allowing the next two persons to slide down.
- **No Climbing Up slide sheet:** Users must use the designated climbing wall/steps to reach the top. Climbing up the smooth sliding vinyl lane is strictly forbidden.
- **Wall Restrictions:** Users are not allowed to sit, climb, or hang on the outside walls, safety arches, or netting of the slide.
- **Front Step Apron:** Do not allow anyone to bounce or play on the front step/apron. The step is strictly for helping users get on and off safely.
- **Inflation & Deflation:** Do not allow any users on or inside the unit during the inflation or deflation processes.
- **Capacity & Age Segregation:** Do not overcrowd the unit. Limit numbers based on the manufacturer's guidelines printed on the front step. If children are colliding, it is too crowded. Avoid mixing large and small children on the slide at the same time.
- **Health Restrictions:** Anyone with a history of neck/back issues, pregnant individuals, or those recently recovering from surgery must not use the inflatable slide.

2. Prohibited Items & Vinyl Protection

To prevent choking hazards and permanent damage to the slide vinyl:

- **Attire:** All shoes, glasses, and loose jewellery must be removed before entering.
- **Food & Drink:** No food, drinks, chewing gum, or sweets are allowed on or near the slide.
- **Staining Substances:** Face paint, party poppers, coloured streamers, and silly string are strictly prohibited. These items cause irreversible chemical stains on the vinyl.
- **Pets:** Pets and animals are strictly banned from entering or being near the unit.
- **Hirer Liability:** The hirer is fully financially liable for any permanent stains or structural damage caused by these prohibited items.

3. Weather, Blower & Technical Rules

- **Rain & Weather Protocol: Do not switch off the blower during heavy rain.** The blower and electrical connectors are completely waterproof. Leaving the unit fully inflated prevents water from pooling inside the structure. Once the rain stops, simply towel-dry the surface water, and children may safely resume sliding.
- **Blower Rain Protection:** Placing a small picnic table *over* the blower will help prevent rain-water from being sucked into the blower and into the inflatable. Ensure the side vents remain clear.
- **Blower Air Vents:** Ensure that the air intake vent on the side of the blower is kept completely clear of debris, grass, or bags at all times.
- **Power Loss Troubleshooting:** If the blower overheats or loses power, switch it off at the mains, wait 1 to 2 minutes for it to cool down, and switch it back on to restart. If it fails to restart, or if there is a total power cut, inform us IMMEDIATELY.
- **Uncertainties:** If you are unsure about any technical operations, please contact us immediately for guidance.

LEGAL DISCLAIMER, INSURANCE & LIABILITY RELEASE

- **Our Insurance & Responsibility:** We maintain professional **Public Liability Insurance**, which covers any accidents or injuries resulting directly from a fault in our equipment or a faulty setup by our team. We accept full responsibility only if an incident occurs due to our direct technical negligence.
- **Hirer Negligence & Supervision:** Our insurance **does not cover** accidents caused by improper use, lack of adult supervision, or failure to follow the safety rules. All persons using this bouncy castle do so entirely at their own risk regarding behavior.
- **Hirer Liability:** The person or organization hiring the equipment remains solely responsible and financially liable for any damage or injury occurring from, or as a result of, misuse, negligence, or reckless use on site.

ACKNOWLEDGEMENT & SIGNATURE

I have read, understood, and accept all the terms, conditions, and slide safety rules listed above. I agree to enforce them fully and accept total responsibility for the equipment and the safety of its users.
